

Sang-oh Kim

tkddh1109@kaist.ac.kr | [Website](#) | [GitHub](#) | [LinkedIn](#)

Research Interests

- Multimodal Learning, Efficient Learning, Graph Neural Networks

Experience

UNDERGRADUATE RESEARCH INTERNSHIP

- Data Science and Artificial Intelligence Lab, KAIST (Prof. Chanyoung Park)
- 2024.06 ~ 2025.02
- Studied several papers about GNN, graph adversarial attack, scene graph generation (visual scene understanding)
- Currently, I'm conducting research about achieving compositional generalization in scene graph generation.

SOFTWARE ENGINEER

- SPARCS (Development organization under KAIST undergraduate student council)
- 2022.03 ~ present
- Developed and published the mobile application of KAIST's official community, Ara.

Education

B.S. COMPUTER SCIENCE

- Korea Advanced Institute of Science and Technology, Republic of Korea
- 2022.03 ~ present

Honors & Awards

제 1 회 한국천문연구원-카이스트 천문우주 AI 경진대회 카이스트 SW 교육센터장상 (2 위)

- 한국천문연구원에서 제공하는 태양 관측 이미지 데이터에서 흑점, 코로나 홀, 홍염의 위치를 감지하고 각각의 위치에 대한 레이블을 판별해야 하는 대회입니다.
- 2024.08
- YOLO 모델을 학습하여 object detection 을 수행하였습니다. Data augmentation 과 soft voting 등의 기법을 활용하여 높은 성능을 달성하였습니다.

Skills & Abilities

- Implementing ML/DL models with Python (NumPy, PyTorch, Scikit-learn, Docker, Git)
- Analyzing data with Python (Matplotlib, Pandas)

- Mobile Development with Flutter (Flutter, Git)
- C/C++

Volunteer Experience

2023 KAIST JI YOUNG-SEOK VOLUNTEER SERVICE IN CAMBODIA

- Volunteered at Ewha Srang Primary School, TropeangThmor village, Srang Commune, Kongpisey District, KampongSpeu Province, CAMBODIA
- 2023.1.6 ~ 2023.1.16
- Duties included: Teaching Arduino with C language, improving school environment

Teaching Experience

TEACHING ASSISTANT (KAIST)

- CS101 Introduction to Programming (2024.09 ~ 2024.12)
- CS101 Introduction to Programming (2024.03 ~ 2024.06)

Language

- Korean, English (TOEIC 895)
